

“I am delighted with the on-going relationship with O’Rourke, which has developed into a very effective and innovative working relationship over many years”

London Borough of Bromley

“We have worked with O’Rourke over many years. They have proven to be pro-active and co-operative in attitude. They provide good value engineering solutions, using their excellent materials knowledge and laying practices all whilst working within extremely short programmed durations”

The Gallagher Group

“At Brighton & Hove we chose O’Rourke to deliver various elements of the project with each section being safely delivered to the highest quality, on time and to budget”

CIVILS

O'Rourke Contracting PLC

Established in 1980, O'Rourke has earned a reputation for excellent customer service to both main contractors and its public sector clients. Initially a surfacing company, we have evolved into three fully integrated business units focusing on excellent levels of customer service. This has resulted in very strong client relationships of long standing built on trust, flexibility and co-operation.

O'Rourke is one of the country's largest independent surfacing contractors covering the whole of the UK.

In March 2011 O'Rourke was acquired by four investors all with a proven track record of growing businesses in both the public sector and the construction industry.

This has enabled O'Rourke to make substantial investment into all areas of the company, in preparation for future sustainable growth in every sector we operate in.

- PUBLIC SECTOR
- SURFACING
- CIVILS
- SMALL WORKS

PUBLIC SECTOR

Public Sector

Public Sector...

O'Rourke have a long history with the public sector working in the London Boroughs including Bromley, Hillingdon, Wandsworth, Croydon and Enfield.

O'Rourke's attention to detail and client focus has enabled us to build a very strong relationship with our local Borough, Bromley, having various contracts and renewals since 1995.

Our work with our Public Sector clients enables O'Rourke to exhibit its expertise in each of our disciplines, showing innovation and value for money.

- 24Hr Emergency Response Service
- Major Carriageway and Footway Repairs
- Reactive Highway Repairs in Macadam, Paved Materials and Kerbing
- Carriageway Markings
- Anti Skid • Street Furniture
- Winter Maintenance Response

Surfacing...

O'Rourke are surfacing specialists. We are approved supply-and-lay contractors for the leading manufacturers.

Our management and staff are experienced and well trained. With our depth of knowledge we can offer advice on the most efficient and economic products for your project.

Wherever possible we use sustainable materials.

Highway Maintenance

The O'Rourke team have a wealth of experience from a hand laid patch to full reconstruction of machine laid carriageway.

Airports

We have a long history of working among some of the largest airports in the South East including the Nation's hub Heathrow.

- Asphalt Surfacing • Macadam Surfacing
- High Friction Surfacing • Mastic Asphalt
- HAPAS Thin Surfacing Systems
- Airport Runway and Taxiway Maintenance
- Utility Reinstatements • Line Marking

Surfacing

Civils

Civils...

O'Rourke Civils Division works with Public Sector, main contractors and small to medium size construction companies.

Our Civils capacity enables O'Rourke to offer the complete external works package, from groundworks and drainage to the finished surface including soft landscaping.

We offer our clients the opportunity to manage one package rather than multiple packages, providing better value to our client. O'Rourke are happy to get involved early in the process offering advice on programme, process and value engineering, and if appropriate at tender stage.

- Sub-Structure Works • Drainage
- Hard and Soft Landscaping
- Natural Stone and Decorative Paving
- Concrete and Modular Paving
- Natural Stone and Concrete Kerbing
- Resin Bonded Surfacing
- Car Park Construction
- Sports Court Construction

Small Works...

O'Rourke's broad and varied capabilities enables us to accommodate our client's individual and unique requirements.

We are a company with a strong reputation for taking on a variety of projects, while providing the same care and attention no matter what the task:- pothole repair, laying a specialist surface or maintaining an unadopted road.

Using our experience and technical knowledge we can fully develop your project into a cost effective and practical solution.

- Unadopted Roads
- Private Driveways
- Crossovers
- Resin Bonded Surfacing
- White Lining
- Coloured/Permeable Surfacing
- Patching
- Soft Landscaping
